# GROOVELINES

by DJ Chris Allen

Howdy disco citizens! It's time for your weekly dose of Groovelines – your source for what's hot and hip in the land of electronic dance music and beyond.

 iTunes

Over at iTunes, and hot for digital download, is the new single from possibly the coolest cat to ever hit the American Idol stage.

Talking about that beat boxing cutie Blake Lewis and his new track, *Sad Song*. Gotta say, good to hear this guys voice on the dancefloor again. It's been too long. *Sad Song* is the first single from Blake's sophomore effort, *Heartbreak On Vinyl*, due out October 6th from his new label Tommy Boy Records. The single itself is exactly what one would expect from this sexy electro crooner. It is well written, well produced, sophisticated electronic pop. Great hooks. Festive beats. And damn I just love Blake's voice. His style is all his own. Killer range. Strong and controlled. At times almost sounding like Simon Le Bon a little. This ditty stands strong on its own. *Sad Song* totally kicks ass. This club banger gets fiercely reworked for the dancefloor by Jason Nevins, Pilotpriest, and Craig C. All the mixes are topnotch. Lewis describes the new album as "electro-pop slash hip hop influenced". According to his FB fan page, Blake's musical influences include BT, Depeche Mode, 311, Incubus, Prince, and Duran Duran. He began beatboxing at the age of 17, picking it up totally by ear. He also has learned how to play the drums, guitar, and keyboards. His live show incorporates technology with organics. Loop pedals, a laptop, and turntables take center stage with live musicians. He's not just the life of the party, Blake Lewis is the party. Blake's first album, *Audio Day Dream* is available for purchase right now online at iTunes, as is the amazing video for his debut single *Break Another*, the

remixes for single number 2 - How Many Words, and his collaborations with Darude – a cover of the classic Flock Of Seagulls hit I Ran and the charity song Selfless for Dance4Life. Blake is also said to be a guest vocalist on upcoming releases from BT, DJ Dan, and 311. To hook up with Blake online, head on over to [www.blakelewisofficial.com](http://www.blakelewisofficial.com). That site will point ya in all the right directions – Twitter, MySpace, Facebook, etc. etc. There is also a pretty decent and informative Blake Lewis page over at Wikipedia. Worth checking out. Sad Song is available to buy now, look for the album Heartbreak On Vinyl in October.

Other noteworthy releases this week include I Wanna Go Crazy by David Guetta featuring will.i.am, I Came To Party by Cinema Bizarre & Space Cowboy, Let It Be Me by Lucardo Parena featuring Antonia Lucas, The Beat Down by Sonny Fodera, and most importantly This Is Our Night by Sander Kienenburg – the mix by my good pal - Austin based electronic music

guru Francis Preve. Great stuff. You'll find those floor fillers and more online at iTunes.

You can hear me play these mentioned hits and more every week at South Beach & Meteor in Houston and at Halo in Bryan/College Station. Be sure to tune into Hypersonic Radio every Saturday night at 10 pm on 101X in Austin or stream it live on the web at [www.hypersonicradio.com](http://www.hypersonicradio.com).

Catch me spinning live and in person at the Rusty Spurs in Austin on Saturday, September 5th – Labor Day Weekend. That show will be broadcast online at [www.stickam.com/djchrisallen](http://www.stickam.com/djchrisallen) for those of you that can't make it. For more info on these and all other upcoming DJ C.A. events and happenings head on over to [www.djca.us](http://www.djca.us). Stalk my every move at twitter. [com/groovelines](http://com/groovelines), Loopt, MySpace, and Facebook.

A quick reminder for all of you electronic and dance music acts and producers who have product available to purchase online - send me your disc or press kit for review, via USPS, to 115 N Main, Bryan, Texas, 77803. You can also e mail a download link to [djca.groovelines@yahoo.com](mailto:djca.groovelines@yahoo.com). If it kicks ass then I'll let the world know. Let me have it Texas! Send me your best. I dare you.

Deep in the heart of Texas, that is the Groovelines for now. You know the golden rule boys and girls - play it loud and disturb the neighbors! The scene can only grow and thrive if we participate in it folks. It exists because we make it so. Be active, support your local talent. Buy, don't share.

## Virgo Famous Birthdays

Tori Amos, Kobe Bryant, Chad Michael Murray, Blake Lively, Regis Philbin, Chris Pine

### Aries (March 21-April 19)

People born under this sign tend to teach others through the stories they share. Whether you are singing a song, writing a play, or painting a picture, you are able to convey images and emotions that can affect others. It is very important for you to communicate and stay active. Your thoughts can turn to worry if you are not expressing yourself and connecting with the world at large. Your personal color embodies love, passion and courage. Wearing, meditating, or surrounding yourself with Faded Rose lends you courage and enthusiasm as you connect with others and find your place in the circle of life.

### Taurus (April 20-May 20)

Manifesting your dreams is important to you. There is a strong spiritual side to your personality. Living well and being surrounded by things of beauty will lift your spirits. Try not to juggle too much or get stuck in indecision. If you stay true to yourself, you can excel and become a master in your own right. Your personal color helps you move through any feelings of restlessness and allows you to commit and go deeply into the areas that interest you most. Wearing, meditating, or surrounding yourself with Deep Petiwinkle helps you feel safe and secure in your intimate relationships.

### Gemini (May 21-June 20)

Action could be your middle name. You are

never boring, and your life usually moves rapidly. Your mind is quick and quirky. You can do more in a week than most people can do in a month. Scattering your energy in too many directions is often a problem. It is important that you care for your body and learn how to stay in the present. Your personal color reminds you to embrace each moment. Wearing, meditating, or surrounding yourself with Burnt Orange encourages loyalty, moderation and relaxation.

### Cancer (June 21-July 22)

Love is very important to you, and you can be very devoted to your mate, family, friends or profession. Once you put your mind to something you tend to go all the way. You have a regal manner and like attention and devotion. It is very important that you are treated with respect. Your personal color encourages a healthy and flexible outlook on life. Wearing, meditating, or surrounding yourself with Cadmium Orange helps you move forward with vision and freedom.

### Leo (July 23-August 22)

You function best when you are in a leadership position. You are not one to follow someone else's drumbeat. Loyal and committed, your influence is felt when you believe in a person or a cause. Due to your royal nature, you need to be treated with respect. Your personal color supports ease. Wearing, meditating, or sur-

rounding yourself with Autumn Sunset helps channel your creativity and intensity in a loving and flowing manner.

### Virgo (August 23-September 22)

You are a person who is bright and caring. You have a giving nature and are a supportive friend. You reach great heights when you are stimulated and inspired. It is important for you to pursue your dreams with practical tenacity, or you may feel restless and unsatisfied. Your personal color vibrates with ideals and protection. Wearing, meditating, or surrounding yourself with Daybreak helps you move through fear and indecision with ease and agility.

### Libra (September 23-October 22)

Your ability to see both sides of a situation makes you a favorite when it comes to telling it like it is. You are the one to be trusted and to judge fairly. Your ability to retain information and use it when needed is uncanny. You are intelligent and mate oriented. Strive to keep things new and exciting, and avoid getting stuck in a routine that is limiting for your true nature. Your personal color reminds you to stay flexible. Wearing, meditating, or surrounding yourself with Kentucky Blue balances your emotional needs with the analytical side of your nature.

### Scorpio (October 23-November 21)

You were born to explore and investigate, and it is important for you to be exposed to new and interesting ideas. You want to be offered opportunities for growth and understanding. Your mind is keen and alert. Try to stay curious and open to alternative points of view. You can be a great leader if you cultivate the ability to be flexible. Your personal color allows you to move into new territory with an open mind. Wearing, meditating, or surrounding yourself with Mars Red helps you integrate persistence with adaptability.

### Sagittarius (November 22-December 21)

Fiery and spontaneous, you are a blast to be around. You were born to perform, communicate, and explore. It is important for you

to travel and make yourself available to new people and unusual ideas. No matter how far you travel, however, it is important for you to have a home to which you can return. Roots and a loving environment give you the necessary foundation to go out into the world. Wearing, meditating, or surrounding yourself with Bayou supports your need for adventure while reminding you to maintain a sense of security.

### Capricorn (December 22-January 19)

Your talent and power is quite exceptional but is not always easy to handle. A strong base is needed to support your energy and drive. Discipline, intention, and love are needed to achieve your goals with a feeling of peace and accomplishment. Your personal color resonates with gratitude and humility. Wearing, meditating, or surrounding yourself with Britfairy Blue helps dissolve the lines of separation and loneliness that people sometimes feel. It reminds you to appreciate your gifts and helps you feel connected to the world.

### Aquarius (January 20-February 18)

You were born to make a difference. It is not uncommon to find you in front of an audience. Although you are very tender on the inside, you are not afraid to go after what you want. Faith and the spiritual side of life can help you move through many obstacles. There can be a struggle between your need for partnership and your need to be alone. Your personal color helps you embrace intimacy. Wearing, meditating, or surrounding yourself with Keepsake Lijac helps dissolve any feelings of separateness you may feel on a personal level.

### Pisces (February 19-March 20)

You are not afraid to work hard. Many of you were born for the limelight and love to be in front of an audience. You are warm and generous, and once you commit yourself to someone or something, it can be difficult for you to change courses. Your tenacity and will often get you where you want to go. Your personal color reminds you to take care of yourself. Wearing, meditating, or surrounding yourself with Orchid Mist helps you relax and care for your body in a moderate and loving manner.

Name: " Marcy" Fletcher

Occupation: Human Rights Activist since 1963

Hobbies: Real Estate Investments, Fundraising for Not For Profits & Non-Profits; Theatre's, Arts Groups & Causes of all Types that strike a Chord with me & fits into what I currently have under my hat...as a Virgo , I have to finish what I start before I go to the next series. lol Manwatching, observing human nature..Mind Expansion...hobbies..ya

**Something close to my heart:** The pacemakers ( had three so far; another soon) that I received in Doctor ERROR that malfunctioned , blew up in my chest (August 2008) ; above my 12 broken ribs from the equestrian accident with the horse I was being photographed next to; that NOW makes me wear my sexy corsets for a medical reasons rather than amorous design. Primary reason I throw up my hand Like Diana Ross does when she sings "Stop in the name of Love" everyone tries to hug me...it hurts to get surprised hugged the wrong way...plus it knocks my hat off...lol

**Something surprising others might not know about me.:** I am not a pimp. The majority of the men who have worked with me have been students & their educational achievements from being a concierge in underwear is one that is the subject of a tour of "Where are they Now" just as soon as I find Gary Hartwell again...of "Hunter & the Headliners" My men, by and far have superior educations & arts interest that are worthy of a magazine of their own about "Manwatching" which I do as I find men are discriminated against in many ways in this era & in particular , I find that the general public think all male dancers are whores...which I find amusing but take rather seriously when approached for "how much" ... makes for great conversations when they get my answers...lol but then Rome was not built in a day... lol nor are human rights..we have to practice what we preach ..what we say we are..we need to be... every day...live it.

I'm not a diva, I'm a determined woman who loves out loud as Michael Clays song says; " I was born with bugle horns & trumpets in my heart, with violins & mandolins & voices in three parts..." and for me...I play his song like the millions who hear it each year in the million person marches in NYC & Los Angeles...daily & it inspires me even more..to Love Outloud...

**What gets my attention:** action ...smile while you are doing it...make someone uncomfortable who is complacent & derogatory ...smile & be kind ..ignorance is not bliss but a small majority of the time..

**Naturally the favorite part of a man's body:** His mind always...and if encased in a healthy body preceded by a blazing smile...got me...til the next one floats by...Marcy

At the age of 23, Brent Corrigan has lived a very fulfilling life. He has done things that only other's can dream of. Brent started at a very young age working in the Adult Film Industry. But now, he is working in mainstream films and even stage plays in both coasts. Featured recently in *The Big Gay Musical*, which is a feature film directed by Casper Andreas out of New York City. It is doing the film festival circuit this summer and is set to release in various cities in New York City in late summer and fall. Brent's "breakout" mainstream role was in *Another Gay Musical* where he played Stan the Merman, which was filmed in December of 2007 and released the Spring/Summer of 2008. Another *Gay Musical* was directed by Todd Stephens. He is also in rehearsals for the stage play *The Masseur* which is a 2 man play that delves into the relationship between a straight man and his masseur. This play played originally 8 years ago in cities such as Los Angeles, San Diego, San Francisco and Salt Lake City. With an updated script, the play will open in Palm Springs October 1st for three weeks. It will then play in San Diego starting November 12 for four weeks and then travel to both Los Angeles and then San Francisco. Brent will portray the masseur.

*The Big Gay Musical* is being screened all over the country in various queer film festivals. Mr. Corrigan also has two movies in post production, "In the Closet" and a comedy titled, "Sister Mary" that stars Bruce Vilanch and the comic Ant as well as Judy Tenuta. "In The Closet" will be featured at this year's London Gay and Lesbian Film Festival where Brent will be attending as a guest with the director. It was shot and completed in Spring 2008 and was featured at Los Angeles OutFest Film Festival. It was written and directed by Jody Wheeler who runs the Gay

Sci-fi website, Doorq.com, where the piece was originally intended to be fixture in the website's online theater. He is also cast in a movie this winter titled, "A Family Christmas". It is a working title, meaning it is likely to be changed and is set in place until something better is decided. It goes to set and begins filming in Quebec come snowfall this coming winter. They are still in negotiations to cast his mother and grandmother. I have the distinct pleasure to sit down now and talk to Brent about how he is taking all of this new found fame in.

**TWT:** Hi Brent. Thanks for taking the time to sit down and let your fans know what you have been up to.

**BC:** Thank you so much for having me. It's a pleasure to speak with you and Texas.

**TWT:**How is Hollywood life treating you?

**BC:**Ha! I can hardly call it Hollywood. I live in San Diego, which is 120 miles south of Heil-A (that's what I call LA, you know, Los Angeles). You know, it's going to be an uphill battle. Even though I've shown myself to have some good tools and instincts about me regarding the acting craft I'm constantly faced with adversity purely because of my background in the adult industry. While I knew it wasn't going to be easy making the transition, I am constantly surprised time and time again at how prejudicial and ignorant a lot of people are regarding me.

**TWT:** To what do you attribute your new success?

**BC:** As an actor, I really do have to credit my life experiences for providing me with the experiences, emotions and reactions. If you haven't LIVED, it can be extremely difficult to play someone who is going through some serious emotional turmoil. I think a lot of comedy comes out of that as well. Knowing how to laugh at yourself and not obsessing that making THIS FACE or THAT FACE is going to make you look less "attractive" or perfect. I used to put a lot of pressure on myself to be perfect but I've found I'm a lot happier trying not to be. And a lot funnier, that's for sure.

Most of the mainstream work I have done has come to me purely on the basis of who I am as Brent Corrigan and the public figure I have become. While that's okay for now, I'm working toward eventually getting work on my merit as an actor alone. My aim is to work primarily in queer media because I feel safe and comfortable here. I also know that prejudice regarding my background will tend to be less of an issue working on this side of the industry.

One thing that also must be said for success is how I conduct myself and my sense of professionalism. I've always been insistent that I don't perpetuate the usual stigmas and beliefs about porn stars. I try to be thoughtful, well-spoken and involved in the community beyond what I do for a living and hitting the bars.

**TWT:** Tell me about the movie, "Sister Mary" that you just finished working on?

**BC:** Sister Mary is a movie about ex-choir boys gone gay boy band . . . and as they increase in popularity and their career as a group begins to take off-one by one the boys are brutally murdered by what appears to be a . . . Sister. You know, like a crazed nun? Like a lot of these films I have done so far, it's merely just a cameo role. I play a boy who goes to confessional and ends up practically raping a priest. Sort of like a juxtaposition between the scandal that broke a few years ago about priest imposing intimate "relations" with their much-too-young pupils. It's supposed to be funny.

**TWT:** How was it working with the likes of Bruce Vilanch, Ant and the always funny Judy Tenuta?

**BC:** Unfortunately, I can't really say much for working with these actors and comedians. I was on set one day and none of them were around. I volunteered at a benefit once that Judy Tenuta was performing at and I was absolutely astounded at not only how spot-on her humor was, but how much she was liked over the 2 or 3 other popular comedians that performed on stage alongside here. I only heard about Bruce's scene and it sounds ridiculously funny. Ant has a starring role and I'm sure he carries the movie well. He was a paramedic in Another Gay Movie (the first one!) He brought Matthew Rush back to life. I think the film is going to be a good, gay comedy. But you have to remember, it's meant to be ridiculous with a cult following. That's just the way a lot of queer films are today.

**TWT:** When will we see this out?

**BC:** There is no news of a release date yet. Keep an eye on my new website, [www.TheNewBrent-Corrigan.com](http://www.TheNewBrent-Corrigan.com) and I will surely keep everyone updated.

**TWT:** Let's back up here for a brief moment. Tell me about the stage play, "Didn't this used to be fun"? How was working in New York for you?

**BC:** "Didn't This Used to be Fun" was meant to be a short film pilot for a movie written and produced by Eric Svejcar and Ryan J. Davis out of New York City. It was never finished and never went

anywhere. Sometimes this happens with independent film.

**TWT:** Do you ever see yourself on Broadway? Would you like to continue working on stage plays or try your hand at a musical?

**BC:** Eventually, someday maybe. I like the style of off-Broadway plays and musicals. I'm a big fan of Hedwig and The Angry Inch, not that that is a role I would ever work to reprise or anything like that (you know, a botched transsexual from East Berlin that is!) I'm not classically trained as

a singer but there is some natural, raw talent there. I'm shy about it, though. I seriously doubt I've got it in me, to pull off Broadway as a singer. I see myself as more of a film actor than anything else.

**TWT:** How did you get cast for your role as Stan the Merman in "Another Gay Sequel"?

**BC:** I was originally approached by the casting directors that work on this film. I auditioned like everyone else. They had a few roles in mind for me. The director really just wanted to see if I was capable to pull of Stan. In the end it worked out! I watch my scenes in the film and I sort of cringe because of the way Stan talks. He's meant to be strange and a little off, so I have a hard time seeing myself in him when I watch it. I hope that's the sign of a good actor! The most satisfying part of that film was walking out of the screenings at the various festivals and hearing people ask why I wasn't given a third scene in the film.

**TWT:** Can you tell us a little bit about "The Big Gay Musical"?

**BC:** The Big Gay Musical is a film about the actors that work on an Off-Broadway musical called "Adam and Steve: Just The Way God Made 'Em." The musical is a farce to the bible and reinterpretation of the popular stories that the bible is known for. It also parodies key figures, for instance, the late Tammy Faye Bakker. Ultimately, the movie is about actors living in New York and how their lives converge and how they cope and deal with life, love and accepting ourselves. It's really a very touching independent film.

**TWT:** What about "In the Closet"? About when can we expect to see it out?

**BC:** In the Closet has been out and about for quite a while now. For a long time it was available for free viewing in the DoorQ.com website. Although it was made over a year ago now, it continues to do a rigorous film festival circuit. It was recently nominated for the Iris Award, which is one of the premier LGBT short film festivals in the world. I will be flying out to Cardiff, Wales in early September as a guest of the festival. Though it's just a short film and it IS sci-fi oriented, this project was my first "breakthrough" as an actor. It was the first time I remember "feeling" my way through the work and not just doing it.

**TWT:** Are you dating anyone right now? Anyone we may know?

**BC:** Ha ha! Yes, I've been in a loving relationship with one man for over a year now. We have a home together and share some common interests. He has a family business that does equestrian consulting for thoroughbred racetracks all over the world. They oversee the grounds and the footing that the horses run on. He's not an adult star if that is what you are asking.

**TWT:** Before I forget. A few months ago, you had the distinct honor of winning "Best Bottom" at the GAYVN Awards. How was this experience for you?

**BC:** Ah, yes. And also I won "Holtest Bottom" in Chicago at The Grabby Awards. It's nice to be recognized formally for what I'm good at in my line of work, but truthfully I was far more honored to accept the award for Best Professional Amateur Film for my very first project I ever directed: Brent Corigan's Summit. It showed that even though people like my work in front of the camera, they also dig my creative sense and what I am developing as a producer as well. That is far more encouraging. It gives me a sense of security that modeling can't provide.

**TWT:** I heard there was an unpleasant situation with Michael Lucas? Would you like to set

**the record straight on any of this?**

**BC:** Absolutely not. (laughing)! It was such a minor incident that it's hardly worth mentioning at all. Let's just put it this way: Michael is known for saying and doing things for attention and his actions at the GayVN Awards were not out of line with his character. He didn't win any awards that night and I won three, so I think he was feeling a little bruised.

**TWT: Do you plan on continuing in the Adult Industry as well as mainstream?**

**BC:** I don't have any plans to walk away from the adult industry today. It's where I have established roots and I'm one of the most recognized names right now in the business. While I do get a sense of satisfaction out of that, it's not what keeps me here. When I was 19, I set out to start my own company, to produce adult content in a way that was enjoyable for young performers that are often hurt or misguided by other producers. I was sorely misused and manipulated by my first studio. When I decided to come forth with information about my age that made not only the studio, but myself, look criminal in a way, it got very ugly for me. Navigating that and an industry was so hell-bent on seeing me suffer and fail made me stronger and more determined than ever to accomplish my goals.

**TWT: If you do plan on continuing in the Adult business, is there anyone who you would like to work with, who you have not been able to as of yet?**

**BC:** Right now I'm not really thinking a lot about other performers or studios. I am ALWAYS looking for the NEXT GREAT STAR to mold and teach as my protégé. So far I haven't met anyone that was fully ready and willing to rise to the challenge. The truth is, while I do have my own company, I am working to sort out a split from my current business partner at [www.BrentCorriganInc.com](http://www.BrentCorriganInc.com). We have a lot of sordid history together and it has become too difficult and uncomfortable to try and forge out a professional relationship. It's not only that, but we have key differences in how we want to run a business and the kind of product we want to provide so the smart thing seems to be part ways. I think before I can really look to the future I need to retrace some steps and rebuild a new online destination. The website I have begun developing is [www.TheNewBrentCorrigan.com](http://www.TheNewBrentCorrigan.com).

**TWT: What about any particular Studio or Director?**

**BC:** I'm always open-minded and I have had recent offers from *Raging Stallion* and *Bruce LaBruce*. I've passed on both. The sad thing is a lot of these studios are using the recession as an excuse to cut pay - which is already lower than it should be for the talent of these kinds of projects. While I would love to work with new producers to direct and work under, the right offer hasn't come around thus far. A lot of these people expect me to sign away complete rights to the content I direct, produce and model in and I didn't get into producing just to be someone else's puppet. That's usually a deal breaker so I just keep on, keepin' on!

**TWT: What about Brent Corrigan, that our TWT Readers don't know about you, would you like to share exclusively with us?**

**BC:** I'm always working to dispel the rumors that porn stars and porn actors are all empty-minded drones with little to contribute to society other than the physical. I think what's most troubling for me is that people expect me to always project that innocent, child-like sense about me that sort of carved out my popularity to begin with, in the industry. I turn 23 on Halloween and I certainly feel a lot older than that. I just want people to know I'm so far from perfect it's almost astonishing. I deal with a lot of the same setbacks that any other person does. I just project myself a little differently is all. I spend my free time going to art shows, in acting classing, and in horse lessons. I've been riding horses since I was 5 and in the Fall I begin competing in Hunter/Jumper shows for the first time in almost ten years. It's funny because much of the time it feels like being on horseback is the only thing that helps me stay grounded and in touch with the world.

**TWT: Well Brent, on behalf of all your fans in Texas and around the globe, I'd like to personally take this time to thank you for sitting down with me and answering all these questions. I hope it was painless for you and I didn't pry too much.**

**BC:** It's been an honor. Thank you!

## Because I have a thing for Hairy Muscle Daddies and Inked Men!

I have to admit something to all our readers. I have a thing for hairy muscle daddies and inked men. And after you read this review, you'll see why!

Merriam-Webster's definition of the word Menace is "one that represents a threat". In Raging Stallion Studios film, Menace, director Tony DiMarco delves into the world of hot muscular hairy men... in fact, seven hot men that make up the cast of Menace, a cast that includes Bruno Bond, Steve Cruz, RJ Danvers and Pistol Pete, as well as newly-signed Raging Stallion exclusives David Taylor, Angelo Marconi and Jason Crew.

GAYVN award-winning Tony DiMarco has done it again with this one. Sexy men, stylish sets and hot sex by versatile men is what Menace is all about. The entire cast gives us 150% when it comes to the scenes they are in, and they've all been paired-up in the way only Tony can create. I love the fact that he is one step ahead of everyone out there in the porn world and I just want to plumb the depths of his mind for a day to see all of those elements that make him the Master of Porn.

In our first pairing, real-life couple Steve Cruz and Bruno Bond dive in and just go at it. These are both hot, hairy men and both are versatile. I like that in a man, that he can be a great top and equally a fantastic bottom. You can see the connection between them and know why they are a couple. Most films that pair off couples sometimes don't make the connection look good, but Steve and Bruno both show how professional they are and why it works for them. Steve taking Bruno's cock and giving him oral gratification, and then Bruno doing the same to Steve is fun to watch and both of them taking their turn at rimming each other and then, first Steve playing bottom and then Bruno deciding

it's his turn to take Steve's cock, is wonderful to see.

The next scene has RJ Danvers

teamed up with Pistol Pete. RJ chews on Pete's fuzzy chest before going down south and devouring his cock. Pete decides he's had enough and proceeds to flip RJ over and have his way with him - RJ even gets some of his own fingers inside him while Pete is topping him.

New Raging Stallion Studios Exclusives David Taylor and Angelo Marconi are the focus of our next scene - one that is dynamically different from

the rest, but not less worthy. David and Angelo make-out passionately prior to Angelo sucking on David's cock. Angelo is a hot muscular Latino just waiting to get pounded by David - which David is only too happy to do. He pounds Angelo from behind, giving it to him with a prowess that is unprecedented in one so new to the scene. He then flips him over to take him in the missionary position, where David lets the audience enjoy watching his cock and balls bounce and he tops Angelo.

Angelo's cum shot lands on his stomach, a c h . soon followed by David's landing there as well. Trust me when I tell you that smooth, muscular and inked-up

David Taylor is going to be a superstar in the world of porn. He's that good.

The next scene pairs up Bruno and Pete. Bruno gives Pete the opportunity to swallow his cock and nuts all over Pete's face. Pete then returns the favor of allowing Bruno to orally pleasure him. Bruno takes it to the next level by flipping Pete over and rimming him before making him sit on his cock and having his way with him. Pete loves to bottom in this scene and shows that he can take it as well as give it. What is enjoyable to see is Bruno pulling out completely and then ramming it back into Pete. This is truly a scene worth watching.

There is a second disc with two additional solo scenes on it. First, Jason Crew plays with his cock and ass, giving us the answer to the age-old question, Who needs a sex partner? Jason certainly proves to us that you can make love to yourself. Yes indeed. I prefer to see Jason engaged with someone, but his scene is worthy of it in itself. The second scene is Bruno, who gives us what he is known for - hot sweaty sex, even if it is alone. You also get a great shot of a hot three-way between Huessein, Jay Black and Francois Sagat from their film Manifesto. Previews, interviews by Bruno Bond and Steve Cruz, and contact information if you want to submit your photo and possibly be the next Raging Stallion Exclusive can all be found here.

Go to [WWW.RAGINGSTALLION.COM](http://WWW.RAGINGSTALLION.COM) and purchase this DVD and any more that you see that you may find enjoyable. I say add as many of them to your collection as you can. Raging Stallion Studios puts out the best of the best and all are more than worthy of having in your collection if you don't already have them. Until my next review, keep collecting, watching and getting off on them. Who knows, they may give you ideas to add to your bedroom.

## AUSTIN

First stop on our tour of Austin night life this week was at Charlie's. As we slid into a booth to get some mighty fine grub we saw our dear gal pal Monica striking a pose for the cruise camera,

as Nacha Type in the back is trying to remember how many drinks he has already served to La Monica for her to break from her cool as ice demeanor. Never you mind that Nacha, because when the cruise cam comes out, all of gay Texas gives us face. So, as we munch down on some of Charlie's finest

foods, we salute Army and his 20 year reign as Charlie's "chief" bartender. This man has served more drinks than the Octo Mom at feeding time. Congratulations to Amy and his stick-to-itiveness. You can officially celebrate this on Sunday the 23rd @ 6pm. Although you may see it chronicled elsewhere, we are happy to share the Army-experience right here.. yes ma'am!

Over at the boot scoot-a-torium, known so well as The Rusty Spurs on 7th , NOT 5th, as stated last week. We found our self's still hungry, for man

meat that is. So out to the back patio we stroll to catch the delish Crail serving up something hot and juicy. With \$1 beers on Sunday and some of the friendliest bar staff in Austin; it is no wonder that Dane and Brenda keep there patrons smiling with their weekly sing-a-long karaoke, rock-n-roll on the patio, and studs like Ross always sliding and slinging the tastiest drinks down the bar. As you may have noticed there is an extra buzz in the air at The Spur as

they get ready for the big TGRA event in Seguin, and the face time they will be getting on next weeks cover. So get ready to cowboy-up next week at The Rusty Spurs. We also would like to ad that the 1 year anniversary party was a blast and all the regulars came out to play. Among them were Jack, Allen, Matthew, and Glen. We just can't wait to see what plans Jim has in mind for his bar's second birthday. From all of us at

TWT, Happy Birthday Rusty Spurs and may your next year be full of long neck beers and sexy cowboys in tight fitting wranglers.

Just over a couple blocks we step on over to Rain on 4th where we are always sure to get a little moist, and for good reason. Just look at the K C and tell us you don't have a hankerin for a

hunk of that. At 11:45pm on the dot, on Thursdays, we see the line starting down 4th street as a tell tale sign that Bobby Cook is getting ready to crank up another fabled All Male Strip Show. We just love how the boys tear off there clothes on command for the dashing Bobby Cook, and it always sends us spinning right over to Scotty P. for a cool down beverage to get us acclimated again. If the strip show is not reason enough to bring you in, the thugged out mixes of DJ Filth Rich and DJ Dallas are sure to draw you in like a sexy Pied Piper with dick-tastic promises.

With the last stop on the list being Oilcan Har-

ry's, we are quick to remind you that sometimes the best is saved for last. As one of the greatest gay bars in the world, OCH continues to provide the best to the Austin GLBT community. Our camera caught Ben, the way to hot for one shot, shot boy standing in our way to the patio, and just had to sample some of his "goodies", on the tray that is.

We have come to

the conclusion that Ben plus shots equals good times on the dance floor no matter if it is DJ Licious, DJ Bryan Konrad or DJ Bang spinning the hot beats. Good times are abundant at OCH as seen here, when they hosted the "Double Down" casino charity event to send off the Shady Ladies to the Gay World Series in Milwaukee. Front and center of this event was ex-OCH bar owner, and still living patron saint of all good gay causes, Larry Davis. The night was a huge success and we will be cheering the Shady Ladies on from the lone star state. Good luck boys!

Over on the corner of Guadalupe, CP is seeing some changes, as the new owner there is changing the name to Thirst and going to give the place a nip and tuck in September. Same great location, with the same sexy staff, just a new take on how things are going to be done. This weekend they are still under the same famed moniker, but CP will look more like the D.O.C. as they throw their Jail Break party. So come out and wear your best orange jump suit with bedazzled numbers. There is no cover for this event, in effort to maximize your dollar's spending power for the tasty shot specials and Go Go Bois galore. They also are starting up pool tournaments every Tuesday. It looks like Damon, the new owner, has a little more pep in his step about the club, and what it can offer to the GLBT community. Good on ya Damon.

# DALLAS

Beautiful ladies and beautiful music begin our stroll through Dallas this week. Legendary Gary Poe playing the tunes we love to lust through at Pekers was joined by the hot yet cool-as-a-cucumber in this Dallas heat, Debbie and Janelle.

Gary can be seen weekly at Pekers and we are sure Deb and Jan are front row center! Pekers has the ambiance and music to make our savage breast... soothe!

We have begun preparing for the appearance of Trevor Knight in Dallas, he of the "oh my.. is that thing real.. set. Trust.. it is real and Trevor will willingly be presenting his ware at the awesome 2nd anniversary celebration Rush next Friday. Two years already?? Wow how time flies when you are watching wonderful menz such as the Andrew Christian models, Whitney's Best Chest and Body contest and such handsome men as Stephen at Rush! Stephen, he of the martiner-

ooni mixer minions, is excited to see Mr. Trevor - the star of Jet Set and Falcon fame - tantalizing the Rush crowd with his performance. You see Trevor has been known to get up close and personal.. just realize you may be shaking more than his hand when you reach out to say hello! Umm Trevor's, that is , we aren't sure if Stephen schwings that wildly.. or does he??

Trevor mania will actually start a little earlier in the afternoon, with a guest "meet and greet" .. err maybe we should say "meat" instead... at the Dallas edition of MidTowne Spa! Trevor is familiar to those of you in Austin, as he has dropped trousers at their location to prove it! We know Julian, Jorge and Miguel will be first in line to shake

Trevor's.. hand! You go boys.

Since we simply must impress the auburn-headed Trevor with our best shape.. we trotted down the strip to Union Jack... gotta look our best! We were momentarily taken aback when Doug suggested we immediately should add a "Mirdle" to our shopping basket. Mde to smooth those extra pounds we have put on at Hungdinger's recently. So we immediately got 2, basic black and the traditional white. Although the white version may have look a little like it "Depended" on us to sport it correctly. With our outfit all planned and

purchased.. down to the "support" system.. bring Trevor on! We will be waiting for him.. right next to Whitney Paige and the many folks celebrating his appearance. Another Bad Metal Booking of hot man-flesh in Texas!

Finally, exhausted from the shopping spree was crawled into Buli for espresso ala the hottest baristas in the metroplex, Gilbert, who was joined by another Buli hunk as we discussed Gilbert's appearance in just a few pages after this in our rocking and boxing TWT Files.

# GALVESTON

Our bestest Gal-Pal Kara Dion hit the beach with 3rd Coast Beach Bar's bevy of beeyoo-handsome men, and was caught huggued up on one pec-

tacular islander! Lana Blake hosts on Sundays, where it is Funday all day on the beach.

# HOUSTON

We are proud to report that Isaac Sanchez of TWT Austin and compadre Glenn made the road-trip to Houston just fine, and they left Houston with many memories and new friends. Thank you both for the coverage and cuteness!

They started out at South Beach, where TWT music authority, Chris Allen, was spinning the latest in dance and diva tracks! Chris is our Groovelines guru,

plus a Facebook friend and always has the wildest, freshest vid's when he spins at Meteor too. If you just check out the following page, you will see some of the Meteor Showers, with special guest emcee and our dear friend, Kara Dion. Rock on Chris, we now

know what keeps you commenting on the Meteor men! South Beach is the coolest place on Earth, but with Meteor, JR's and the Mining Company, the whole area seems pretty chill. Our cover feature, Brent Corrigan, will be on stage at Meteor next Friday and Saturday. Brent recently received "Best Bottom" at the AVN awards, and we must say that booty gets a blue ribbon in our book! Brent also brings to TWT a great interview with our own Mario Mares. Check earlier in our pages and read all about the new plans and antics of Mr. Corrigan... yes the "boi" has become a MAN!

While on tour in HTown, Glenn located some sexy undies to strut around Austin in, when he hits Town Lake... at the faboo Hollywood Super Center. Glenn and Odie are shown here with Chris

discussin how much junk-cover-age these royal shorts will allow! Isaac was seen nosing through the DVDs and Glenn sporting BVD's last we saw of them there!

We dashed into the Guava Lamp and were pleased to see Ryan and Jose perched and partying, so we immediately joined them in mass quantities of adult beverages. Ryan, the purveyor of such potent potables, warned us not to get too toasty as we were headed out to tour the town and see who captured a crown.

Tour the town we did, we headed into JR's, George, Tony's and more places than we can present in this issue. Join us next week when we visit more of the Isaac/Glenn tour de force...

Finally, we saw the crown captured. Miss Gay Texas USofA 2010 Jayda Iman Alexander captured the honor of becoming the 25th Annual titleholder at Craig Henderson's annual spectacular. Held this year at Club Crystal, Craig brought most all the remaining former entertainers with names such as Lauren Brach, Erica Andrews, and Jacqui DeShawn back to the pageant. Jayda is pictured here with Miss Gay USofA Stasha Sanchez. Next week we will feature a whole spread of Isaac' beautiful images from the evening. Congrat's to all!

# SAN ANTONIO

On our normal San Antonio quest for fun, we always love to stop at a couple spots for a refreshing cocktail or mojito to cool us down from this gay complexion hating sun that has surly added a couple wrinkles into our future. We stop in first to the Silver Dollar to say howdy to our friends Tom and Rick who always serve up some afternoon delight during those happiest of happy hours. Outside the fact that Tom and Rick always pleasures us, we have chosen to come into the Dollar for happy hour due to the gigantic crowds they have been getting ever since they moved to these new digs. Even with 5 separate bar areas to play around in, it manages

to stay packed wall to wall with the hottest studs, clad in wrangler gear. We are certain Flair Peter and the rest of the Silver Dollar crew have just begun to crank it up, and we wait for further announcements. Trumormongers report the owner is turning the bank accounts over to the manager Peter and he has already spent 10s of thousands of dollars on something that is sure to blow you away. Either that or we will make sure Autumn Summers blows you away to satisfaction... ahem... perfection... no

With seemingly hundreds of hundred-plus days plaguing us again and our thirst still driving our will, we strolled to the opposite end of the now oh-so-Gay Strip on Main into Essence for a couple of long necks and a friendly chat with the new owner, Lyle. Essence glows with the bar tops moved and new space inside the bar becoming available with all the renovation and glamorizing going on. We caught our original TWT comeback cover uber-hunk Jonathan dancing his way back into our hearts there.

This years version of HEAT's White Party blasted the super hype techno smashings of the one and only DJ Alyson Calagna. This girl here! She had the circuit-style event jumping as she pulled the masses together in a rhythmic writhing that could only be described as a fully clothed orgy of trip hopping dancing maniacs clad in White. Alyson and DJ Rick posed between sets for our cruisey-kind camera. alf that was not enough, we find our very, super sexy, hot momma, Vikki, serving up the masses in the back at the Chill Bar. We

can always count on her to be right on time with a tasty beverage when we are danced out to speak. As always you can find the super sexy show gurls of HEAT almost any night of the week putting on productions and singlet numbers that are sure to take your breath away. Congrat's to HEAT show girl, Taryn Taylor for placing Top 5 at this year's Miss Gay Texas USofA in Houston. Out TWT Photographer, Isaac Sanchez was on hand to snap all the glam pics and you can see them right here, next week!

Now as everyone knows that when one is on the Main St. Strip, that one always finds them self's inside the Saint. The Saint, A.K.A. The Show

Bar of the South, has some of the best in the biz ready at the drop of a hat to entertain your cares away. Tersa, Sasha and the rest of the Saint show cast dazzled us with there hot performances as they played hostess to Silkie O'Hara Munroe just this last Thursday. While we were in between numbers by the gurls, we were getting the digits on this hot little chocolate drop that goes by the name Ollie.

Just one of the many reasons we make The Saint a stopping point on our San Antonio jaunts.

As we do, jaunt that is, we have come across one of the newest gay hot spot in San Antonio. The Closet. The Closet is just located right of the loop on Broadway, just around the corner from Encore Video. While at the Grand Opening of The Closet, we met club promoter and all around party girl Seth. She had this club wall to wall with girl 4 girl action.

Finally, Northwest Vista College's gay-straight alliance, Out Spoken, played host at the 2009 Gay Days at Six Flags Fiesta Texas on August 12. Turn the page for pics of the Larry Davis entourage and more fun from the Fiesta Fag-tastic day!

Gilbert, a Barista at Bull's, is a Dallas native and student. A professional who is highly skilled in coffee preparation with a comprehensive understanding of coffee, coffee blends, espresso, quality, coffee varieties, and roasting degrees, working towards a degree of the medical style! Studying to be a Physician's Assistant, he spends his spare time drawing and sketching. We are sure that helps in (ahem) Anatomy class!

Bull has him staffing the night shift where we know he must make more things foamy other than coffee drinks and as strongly rich as an espresso shot.

We would need the caffeine to keep up with this Java Joe as this athletic young man also boxes to keep in shape and travels for fun. As you see he pounds the bag quite well!
