GROOVELINES

by DJ Chris Allen

Howdy disco citizens! It's time for your weekly dose of Groovelines – your source for what's hot and hip in the land of electronic dance music and beyond.

Happy New Year Texas! Over at iTunes, and hot for digital download, is the new mix containing 4 of the dance versions you've been hearing in the clubs, pubs, and bars for Lady Gaga's massive hit *Bad Romance*. The Chin Fu HINI mix, the Kaskadee remix, the Bimbo Jones Radio Remix, and the Skrillex remix make up the play list. All are slammin', though only one is a full length dance mix – track 1. The rest are radio edits. The music video matching the Chin Fu mix, re-edited by DJ Bang of Dirty Ghetto, is getting heavy play at video bars in Houston, Austin, and Dallas like JR's, Meteor, and Oil-can Harry's. That video, not available on iTunes. The remixes and original video – yes!

As we all know, the end of year was marked by the sudden and tragic death of actress and singer Brittany Murphy. Another awesome talent taken way too soon. In 2006, Brittany teamed up with legendary producer

Sebastian Ingrassia Presents Refine. Great stuff. You'll find those floor fillers and more online

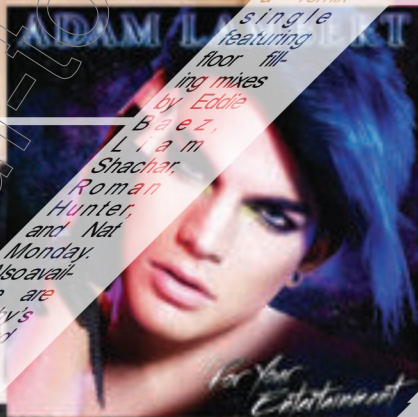

over the years. You can hear me play these mentioned hits and DJ sets more weekly at Meteor & J's in Houston and at Halo in Bryan College Station. Be sure to tune in to my radio show every Saturday night at 10 PM on 101.1 FM to catch Groovelines Alive! on 101.1 in Austin. You can also stream it live on the web at www.personoradio.com, from Paul's website or simply head over to the TWiT website's homepage. For info on these and all other up-fold and coming DJ/GA events and happenings head on the late over to www.djca.us. Stalk my every move at twitter.com/groovelines, MySpace, and Facebook.

Deep in the heart of Texas, that is the Groove-lines for now. You know the golden rule boys and girls - play it loud and disturb the neighbors! The scene can only grow and thrive if we participate in it folks. It exists because we make it so. Be active, support your local talent. Buy, don't share.

Remember, life might not always be the party you had hoped for, but you're here you might as well dance.

HOROSCOPES

BY JAIME

Aries (March 21-April 19) If you're single, you will get to enjoy plenty attention from admirers but don't be too swift to be yourself down. When you meet the person who is right for you, you will know it! Travel with friends is a strong possibility, but patience will be needed if you are working and someone introduces changes that you know will fail even before they have begun. Oh and that bulge in your pants is just your wallet stuffed with the results of your hard work, and money may not be as big an issue as it has in the past. Reward yourself, buy yourself some fun!

Taurus (April 20-May 20) You're making a huge effort to make life fun and enjoyable. Someone who is close in a personal or business sense might seem to be trying to dampen your enthusiasm. Even so you're feeling lucky in love and happy with your lot. Nothing anyone can do or say will change this. If you recently found the partner of your dreams, this is a great week to demonstrate your feelings more. You're feeling frisky today, and that buzzing in your joints isn't from last night's burrito. Go with it, because it's sexy time, and today you've got appet to burn.

Gemini (May 21-June 22) There are some jobs you cannot ignore any longer. Get these over with as early in the week as possible. Resist any temptation to be sidetracked by frivolous people who long for you to get back into a festive mood. In practical matters you will be careful and cautious, but this won't stop you from joining in with the celebrations to welcome in the new year. Everyone needs to kick back some and relax. You have been in fifth gear and are about to have the clutch burn out. Stop, and start indulging yourself. Only visit with people who help you recharge your energy, and then you will be able to go all right long.

Cancer (June 23-July 22) If there are important decisions to be made regarding your home and family, insist that you all sleep on the issue. It could be a housemate or your partner is keen to move to pastures new while you prefer to stay where you are. Take your time to think about it. Everything will seem so much clearer in the New Year. Express your feelings to someone you love during the celebrations. Let go of judgments, and simply enjoy your friends. No matter what is going on around you, a surprise or two comes up. Do let go of rigidity, and do enjoy the company you are with. Enjoy being a social butterfly today, flitting through many circles and charming the pants off everyone, but remember to be a lady, while you got those pants off.

Leo (July 23-August 22) If the New Year can be started with the same energy and drive you feel this week, you aren't likely to have any problems coping with challenges that come your way. If you are working, senior colleagues will show how much they appreciate all the effort you've put into your job. There may be some talk centered on promotion. Any offer to do with your important long-term objectives should be taken up as soon as it proves possible. Pay close attention to what other people are saying to you now. Especially if you're spending time with friends or family you don't get to see very often. Your mind could easily slip onto other issues and as a result you might accidentally agree to plans you don't really want to get involved with. You have more authority than you might be aware of. Even if you are tired of always being a leader, today isn't the day to break the pattern. Despite your best intentions, there are those who will misinterpret your natural enthusiasm for arrogance and use it against you.

Virgo (August 23-September 22) You could be faced with a fantastic opportunity that will bring many benefits your way. This is not a time to hesitate as there is nothing to think over. You should jump at this chance while you can. It is entirely possible developments this week could mean a temporary separation from someone you've just met. This won't do your relationship any harm, indeed it will give

"I can't help it... I gotta tell ya.
Welcome to One Pastrami
Center in Austin, Texas.
Katz's home of big drinks &
great food for over 25 years."

you the chance to come to terms with your feelings. You might want to take off or break a pattern today or in the near future. Too much is happening, and rather quickly at that. A change of perspective might be necessary in order to handle what seems to come in from out of left field, but it won't be anything like the first time years ago, when you did the high school team out in left field.

Libra (September 23-October 22) It could be you will have made up your mind about any domestic changes that were discussed over Christmas. Because your decision is not what housemates had in mind, you also know you're in for a bit of an argument. Announce your views quietly and calmly and be prepared to explain why you feel the way you do. Slight health problems could cause interference with your social life but the week won't be without its fun moments. You wonder why you have been living out an old pattern. There could be no better time to discuss this issue and to get help ending it, refrain from doing for others and do unto yourself, simply put, looks like its you and your hand again tonight.

Scorpio (October 23-November 21) In a week filled with activity, discussions and festive goings-on, try to keep an open mind about another person's opinions and habits. If you're introduced to someone who will obviously never agree with you on certain matters, refrain from saying too much. Do your best to promote an easy-going and carefree atmosphere and leave the arguing until after the New Year. By then you may feel it won't be worth the trouble! You are always ready to take the lead. It would be nice to see you back off and let another person live out the fantasy of being a leader or establishing that kind of leadership and respect in their life, in other words, your going to be doing a lot more of bottoming in the new year.

Sagittarius (November 22-December 21) Although you might be in the mood to use any spare time you've got to deal with jobs about the house, don't expect your housemates to be in such an industrious frame of mind. Compromise will be the only answer. Agree to join in with the fun and festivities to bring in the new year, especially those ones away from home. Just as long as you are allowed your own way earlier, without any scowls or long faces! Others appreciate your efforts, and you need to take care of yourself too. Think positively about someone's suggestion to make the next week easier. Nothing says comfort like food, so indulge a little bit, take in a posh four-star or a midnight burrito, but not too much though, remember just a little bit. A moment on the lips a lifetime on the hips.

Capricorn (December 22-January 19) Just because someone appears to agree with you, don't think they really do. If you are mixing with people you hardly know, keep your opinions to yourself. Not everything or everyone will be as they appear. Discussions with a partner or close friend are important and may lead to some firm plans for the future. Secrecy will be required in business but you can be as open as you wish when with the ones you love. Have a conversation with a child or loved one. You could bond much more closely, and both of you could be happier. You are transforming rapidly and make a big difference. Share a wild idea and be ready to follow through with it. Tonight: Be naughty and nice, come Christmas time next year, no one will remember, what a fool you been... So, keep your legs high and kick up your skirt.

Aquarius (January 20-February 18) Pay close attention to what other people are saying to you now. Especially if you're spending time with friends or family you don't get to see very often. Your mind could easily slip onto other issues and as a result you might accidentally agree to plans you don't really want to get involved with. Close relationships and partnerships get a boost during the new year celebrations. Share feelings that you don't normally share with someone you care about. Don't stress out, your going to face a blast in the new year, oh wait, or is it your going to get a blast in the face in the new year... either way I see things coming your way.

Pisces (February 19-March 20) A gradual easing of festive functions and reveling might give you the chance to consider a recent proposal put to you by a close friend or partner. Your mind is on serious concerns and romance will be apparent this week but only in small doses. You might find yourself scattering to get ready for a party, try to forget all about problems-connected with business, finance or any other area of your life and enjoy yourself. Tonight: Write any needed thank-you notes. Venus and Neptune are learning up today, and your world is a beautiful place. As a result you will enter a highly creative phase. Well lets just blame it on the planets, we all know its much deeper than that.

DJ Scotty K

Spins 2010 in at South Beach

DJ and Producer Scotty K's music career began about ten years ago in New York City. He spent much of his free time outside of his network television career establishing himself as one of the hot up and coming DJs around, spinning at some of the city's hottest bars and nightclubs, such as Blu, Spike and Twirl. This buzz carried him to South America in 1999, where he wowed Latin crowds with his musical talents at Tiffany's and Eros, two of the hottest nightclubs in Caracas, Venezuela. In 2001, Scotty K. relocated to Los Angeles to make music his full-time occupation. The owners of HERE Lounge in West Hollywood experienced Scotty K's sound and quickly snatched him up to become the head and resident DJ at the popular nightclub.

The Los Angeles Times calls DJ Scotty K. "...one of LA's premiere DJs" who consistently delivers the music that club-goers want to hear. This ear for what's current has led to Scotty K. using his talents on a number of remixing projects. In the fall of 2002, Scotty K. was called upon to remix a song for the Disney Channel for their new show That's So Raven, starring Raven Symone. Little did he know that the remix he co-produced with DJ Chris Wren would end up helping to launch the Disney Channel's highest rated show ever at the cable network. And it doesn't end there... Scotty K. has remixed tracks for Seal, Madonna, Whitney Houston, Inaya Day, Jasper Street Co. and Jennifer Holiday. Scotty K. remixed the recent summer 2004 dance club hit Dive by Debby Holiday, which charted in the Top 5 on Billboard Magazine's Dance Club Play Chart, making him one of the hottest DJ/Producers on the west coast.

DJ/Producer Scotty K. has had the opportunity to work with some of the dance music industry's best: American Idol's Kimberley Locke and Tamyra Gray, Pat Hedges, Becky Baeling, Erin Hamilton, Pepper Mashay, Cyndi Lauper and Emma Bunton, formerly of The Spice Girls. In addition to these talented artists, Scotty K. has worked with and shared the DJ booth with some of the industry's best DJs, including Hex Hector, Tony Moran, Manny Lehman, Barry Harris, Chris Cox, Eddie X., Jason Randolph, Brett Hennrichsen, Max Rodriguez, Alex Lauterstein, Mac Quayle and Mark Tarbox. Scotty K. was nominated for a WeHo Award in the category of "Outstanding DJ Of The Year" in 2003, 2004 and 2005 with superstar DJs Manny Lehman and Kimberly S., ranking him one of the top eight DJs in Los Angeles. Scotty K. was honored as the 2004 Honorary DJ of the Year by the West Hollywood community and by the 2004 WeHo Awards Committee.

In Fall 2003, Scotty K. was hired by The Ellen DeGeneres Show and made television history as daytime television's first "DJ", in lieu of a band and bandleader. Scotty K. helped successfully launch the show by adding his vast musical knowledge and credibility to the show and contributed to making it a rating hit. Since then, he has moved onward and upward producing dance & electronic music for major record labels such as Warner Bros. Records, Sony Music Entertainment, MCA/Universal Music, JIVE Records, as well as working on dance remixes of tracks by artists such as Madonna, Mary J. Blige, Christina Aguilera, Kelly Rowland, Idina Menzel, LeAnn Rimes, Kimberley Locke and good friend, Debby Holiday.

DJ Scotty K will spin this New Year's Eve at South Beach in Houston. Tickets are available at the door for \$20.00. Should you be reading this in time to catch a pre-sale purchase at SoBe, Meteor, JR's, Male UWear or M2M Fashion Style Lounge, you will get a discounted rate of \$15.00. Happy New Year from South Beach and DJ Scotty K!

God-des and She Play S.A. for 2010

God-des & She have always been unique – a female hip-hop/soul duo whose sound varies as widely as their subject matter. With their third album, appropriately titled *Three*, God-Des (the rapper) and She (the singer) now embark on a journey to cross over from substantial underground success to the mainstream. In making that transition, the group has managed to both hone their existing sound and expand into an eclectic mash-up of other styles, including hyperactive dance music (“*Drum Circle*”), all-American rock (“*Change*”), anthemic electro (“*Radio Up*”), and feel-good, win-downs-down pop (“*Get Your Bike*”).

While delving into so many genres on one album could easily sound disjointed, a confident identity forged over years of working together, as well as sure-handed production from Hardgroove resulted in a cohesive, dynamic set of songs. “So many of our fans comment on how much we grow every time they see us live or hear the next song we are working on. Our first two records were great in their own ways, but we hadn’t truly found our voices or sound. *Three* cannot be compared to any other artist. It sounds totally unique and crosses all boundaries and is hard to even put into a style of music.”

God-des & She found an ideal partner in producer and current member, bandleader, and bass player of Public Enemy, Brian Hardgroove, who has worked with such veteran acts as Wu Tang, Burning Spear, and Aerosmith, and also plays with Bootsy Collins. “He gave us a lot of freedom but guided us and made the songs better. He has an incredible ear and totally understood and supported our vision for the music. He didn’t try to box us in to one genre.” While the duo may have initially been star struck in working with Hardgroove, the legendary producer was impressed as well. “They are easily as good as the best that hip-hop has to offer,” Hardgroove says of the duo, “and far more interesting.”

Bred in the Midwest, God-Des & She have played to packed venues all over the world, from Lacrosse, Wisconsin, to Stockholm, Sweden. Ever since they appeared on Showtime’s *The L Word* four years ago, performing their infamous single “*Lick It*,” the pair haven’t had a moment’s rest, selling over 30,000 albums, and holding down the #1 song spot on MTV LOGO with their song “*Love You Better*.”

God-des and She will be performing on New Years Eve at Bar 11 in San Antonio. Tickets are available at the door, this is another fab event from Seth, producer of many great event for LGBT San Antonio in the past year!

HARD FRICTION

Raging Stallion Studios
by Mario Montes

Raging Stallion Studios still keeps them coming and has yet to disappoint. *Hard Friction* is a limited DVD, and once they are all sold out that is it! Get yourselves over to their website, www.RagingStallion.com and order this and any other DVD you have yet to add to your collection. *Hard Friction* is broken down into six separate scenes. The format is different from the norm. None of the actors interact within each other in what would be a normal flowing movie. Six scenes with different partners in each scene. This DVD is full of men who are hot, masculine and all man! Raging Stallion never cheats us of what we want to see, *True man on man action!* Bruno Bond, Roman Wright, Steve Cruz, Tony Vega, Lonzo Zolar, Fabio Stallone, Alessio Romero, Dominic Pacifico, Derrek Diamond and Craig Reynolds make up the list of Stars that are in *Hard Friction*. Bruno and Steve are Raging Stallion Exclusives and also the mastermind's behind *Hard Friction*. They worked in front and behind the camera for this masterpiece.

"Hard" is the first scene with RSE Bruno Bond and Roman Wright getting hot and heavy with each other. Bruno is the definition of a true pig in the sack. He loves sweaty man sex and shows it in every scene in every movie he has ever made. Bruno gobbles up Roman's dick like it'll be his last. Roman has had enough and flips Bruno on all fours and starts off by rimming him then fucking him until he is worn out. Bruno has not had enough and sits atop Roman until he shoots a huge load and then Roman completes the scene by giving Bruno a huge load all the both of them. By the end of the scene, both men are super hot and sweaty, just like the scene itself.

"Stump" starts off with RSE Steve Cruz down on his knees in preparation for a cock. In walks Tony Vega who is more than willing to feed Steve his cock. Steve is a true slut when it comes to sucking dick. It's like you can see heaven in his eyes. Before you know it, another cock appears, this one belonging to Fabio Stallone. Both men are in heaven being serviced by Steve. Eventually here comes cock number three, which is attached to hot hairy newcomer Lonzo Zolar. All three men take turns feeding Steve until they all give Steve what he has been craving: huge loads. Tony shoots first all over Steve's hairy chest. Fabio is next to shoot and Tony is so worked up by it he delivers a second cum shot. Lonzo then sprays Steve down with his load. Steve is so overworked, being covered by four loads of cum, he collapses on the floor and shoots off a huge load himself.

"Knock" had Fabio Stallone taking a shower. A knock at the door interrupts Fabio's shower so he goes to see who it is. Inked muscle stud Alessio Romero is standing at the door. He pushes his way in and proceeds to have sex with Fabio. Alessio drops down to his knees to service Fabio's cock. Fabio has had enough of the oral play and turns Alessio over to rim him first for the onslaught of his huge dick that will penetrate Alessio in a matter of seconds. Alessio is a hungry willing participant and his hole twitch's in anticipation of Fabio's cock. But as if this is not enough, Fabio wants cock up his ass also. Alessio has no problem giving it to him just the way Fabio gave it to

him, long and hard. They finish off laying back in bed together and both shoot off nice loads.

"Ride" had uber-bottom Dominic Pacifico as its star. Riding in on a motorcycle, Dominic just sits atop the chopper playing with himself and then pulling out a huge shiny black dildo. Now for those of you who don't know Dominic, he is a gorgeous muscular hairless uber-bottom. This man just loves about anything up his ass. For those who have had the chance to film a scene with him, I'm sure they have been most satisfied. I foresee a huge future in film for Dominic and awards for many upcoming films as well. He will be a bottom that will lead the way for future bottoms wanting to join the ranks in the business of porn. A man in a black leather mask enters and proceeds to have his way with him. Playing with his ass and then fucking it like a demon possessed, the man behind the mask is none other than Bruno Bond. Bruno shoots his load all over Dominic and then Dominic works out his own load afterwards.

"Strap" features Derek Diamond sitting in a room all alone bored. He sits there and starts fantasizing about sex and he starts pulling on his cock while wearing a jockstrap. He strokes his tool up and down while listening to music and eventually takes off the jock to sniff it as he turns himself

on. He inhales his sweaty jock until he shoots off a giant load all over the room.

"Flex" stars Craig Reynolds who is just standing there posing for the camera and rubbing his hot muscular body until Steve Cruz walks in and proceeds to enjoy the hot muscular Craig. These two trade blow jobs and then Craig sits atop Steve's face and lets him rim him to heaven. Not yet finished, Steve proceeds to flip Craig over and fuck him. Yes guys, Steve is not strictly a total bottom. Craig's nice fat ass looks good being filled and is a true hot scene to watch. For those of you men who enjoy a nice big round ass, Craig won't disappoint. Steve being ecstatic over fucking Craig, shoots his load and Craig soon cums all over his toned stomach.

This DVD also has a Bonus DVD with a Vic Kovac Screen Test, Steve Cruz and Bruno Bond from "Menace" and information as to where to go to make your purchase's. But never fear for I have that information as well. Go to www.RagingStallion.com to make your selections of which DVD's you'd like to add to your collection. You can also go to 1-877-327-0707 to order by phone. All photos courtesy of Raging Stallion Studios. Want to be a Raging Stallion Studio Man, go to the above mentioned website and surf away. It'll tell you everything you need to know to submit information to Raging Stallion.

AUSTIN TEA

Who's ready for a giant glass of the Capitol CITEA? Our night begins at Rusty Spurs over on 7th Street where we ran into two of our very good friends Bert and Mark. We would have

stayed longer to chat, but they just looked so cozy we decided to watch from a respectable distance. While spying on my friends from across the room, I caught a candid photo of country singer Weldon Henson singing some

Christmas Carols to the wood audience. As I was listening to the very handsome man croon, Janitor Jim walked up behind us and invited us back to Rusty's for his NYE variety show with Genevieve Rainey, Brooke Cassidy and Alix Courtney. We'll see you there Jim!!

As soon as we finished two-stepping around the dance floor, we headed over to Fourth Street to say hi to our friends at Rain. Texas autographed a copy of his last week's tea picture and poured us a cocktail as he always does. He introduced us to a group of hotties who took us out to the patio for a little gossip. Turns out that Virgil, Mateo and Keoni were showing their new friend James, who is visiting from Munich, all the hot spots to hang

out. I quickly offered to show them to my house, but they still had quite the agenda to

accomplish so they took a rain check. Still waiting to hear back... Hmmmm

We skipped down the block to check out Ocean Harry's and met three cute young men as soon as we walked in. Phil, Nick, and Abel were more than happy to pose for the camera and even bought us a shot to say thanks!

Well thank YOU as well! Our ever so camera ready trio of James, David, and Derek jumped in front of the lens whilst we were saying hi to Larry and the gang and would not budge until we captured this moment on film. We were happy to oblige seeing as how cute they are!

AUSTIN TEA

Just a little up the way on Lavaca, we just had to stop by Charlie's Austin to check out their Super Sunday Drag Show where we happened to catch a glimpse of this gorgeous woman we had never seen before! This mystery lady is none other than Allysha

Williams. Oh Allysha, where have you been all our lives? It was time for me to pony up, so I bought us a cocktail and got to know Ms. Williams quite a bit better! Can't wait until your next show beautiful!

From Charlie's, we decided to head up IH-35 a bit and check out their sister bar, Bout Time. We were hoping to catch the volleyball rematch between Vanessa and Travis, but it's been postponed until next spring. Don't worry girls, it's on my calendar! Even though there wasn't a game going, Roy, Irene, Lydia and Peter sat down next to us and we all had a

great laugh. A few minutes and a drink or two

later, Travis had to remind us the reason we came in the first place. It's amazing what happens when you make brand new friends.

Just as I was getting ready to leave, I remembered that I owed Sister's Edge II a couple of photos from last week! I called up manager Margie and she quickly invited me to their company Christmas Party. An Austin minute later, we were at the famed ladies bar at 2nd and San Jacinto surrounded by the whole staff and their guests. LeAnn, Lorin and Shannon were all too happy to be caught by

the paparazzi. As the spirit of the holidays was flowing as freely as the libations, we found ourselves chatting with AJ and Kristen when Julie, Edgar, Amy and Jay showed up. The group was just so adorable I had to snap a quick pic to use as a Christmas card next

year. Thanks for a great time Sister's Edge II. See you on New Year's Eve!

That's the Tea for 2009 in Austin! See you next year!!

DALLAS TEA

It was a busy week here in the Big D, and we are just dying to give you the Tea! The first party we just HAD to make an appearance at was the legendary Legacy Stocking Auction over at the Round Up. Confused as where to make our donation for the event, we asked these handsome hunks if they knew where the stockings were hung (if you know what I mean) and they wouldn't tell. They did however crack a sly smile and huddled up for

a moment with the paparazzi. We finally took our stockings to the right place and not a moment too soon because the bidding was under way! The lovely recipient of our donation was none other than our dear friend

Dan, and it looks like he took home quite a bit of merchandise! It was a fabulous time, and we can't wait to see what next year brings.

A little later that evening it was time to head over to Rush to meet up with our dear friends Souk and Kenneth. With smiles like those:

who wouldn't want to kick back and have a few cocktails with them I ask? And just when I thought the night couldn't get any better, my fave round up entertainer, Victoria Weston and her entourage of Dustin and Michael,

We just had to grab a photo of that Christmas gown that I'm just sure she made herself. Way to sew Miss Victoria!!

After finishing up at Rush, we decided to check out our favorite Fort Worth stopping ground known as The Rainbow Lounge. We couldn't even get two feet in the door before
